## LARGE PART OF AUSTRIAN ARMY IS CORNERED BY THE ITALIANS

Former Lines Are Established From Montello to Sea and Gains Are Being Made in Mountains

ENEMY SURRENDER IMMINENT

Italians Gain Big Victory Near Nervesa on the West Bank of the Piave River

CONTINUING THE BATTLE

Hope to Split Enemy Forces Again as at Beginning of Flanking Movement Northward

(By United Press.)

Washington, June 21.—German patrols suffered heavy casualties from American machine guns fire near Chateau Thierry and in the Woevre sectors, Pershing's statement said today.

Washington, June 21.—A large part of the Austrian army has been cornered between the Piave and the advancing Italian troops in the Montello, the British war office report today stated. The Italians have established their former lines at all points from the Montello to the sea and are making gains in the mountains about Montello.

The destruction by the British has been large and the surrender of large numbers is expected.

The Italians report the recapture of many guns abandoned early in the drive.

Rome, June 21.—Continued Italian successes on all parts of the battle front were detailed in an official report received from Italian general headquarters today.

"Repeated enemy attempt to take Mount Corno were broken up," the statement said.

"Several enemy divisions attacked Zenson but were unsuccessful."

London, June 21.—The Italians have gained a big victory near Nervesa on the west bank of the Piave and are continuing fighting to complete their success, it was learned from an authoritative source this afternoon.

Nervesa, an important railway crossing, guards the southeastern approach to Montello crest, the key-stone connection to the river and mountain line.

The Italians are now battling to push onto the river, thus splitting the enemy forces again as at the beginning of the first phase of a flanking movement northward, to cut off the Austrians at Montello. The enemy forces have already been divided to the south.

With the Italians in the field, June 21.—Fighting rages incessantly along the whole Piave line from Montello to the Adriatic. The Italians have the advantage everywhere on the front. Their attacks were carried out with vim while the Austrian attacks lacked spirit.

Open fighting permitted the Italian cavalry to advance for the first time since the new offensive began. In a certain sector on the Piave 500 mounted troops made a daring charge, hurdling five barricades and slaughtering great numbers of the enemy. They captured 70 prisoners, three cannons and three machine guns.

It is said five enemy divisions are on the west side of the river. A large number of these are isolated and their temporary bridges were swept away by the flooded river. The Austrians have thrown down three new bridges in another sector where the current is less swift and the positions are left exposed to Italian artillery fire.

Attempts by the Austrians to cross the river in boats have resulted

## 38 Miles Of Trenches Held By Americans

Troop Movements Are Kept up Despite Necessity of Shipping Increased Supplies, Senate Committee is Told.

(By United Press.)

Washington, June 21.—Americans now hold 38 miles of trenches in France. Troop movements have been kept up despite the necessity of shipping increased supplies, because ships have been run on schedule or better, the senate military affairs committee was told today.

The committee also received encouraging figures on production of machine guns and small armed ammunition. One month production of thirty-calibre ammunition amounted to 205,000,000 rounds.

To Fly Across Atlantic

Washington, June 21.—American airplanes piloted by aviators of the allied nations, will cross the Atlantic within three months, Major General Branker of the Royal air force declared today.

The flight, he stated, will be made from Newfoundland to Portugal by the Azores and 750 horsepower airplanes carrying crews of three or four men will be used.

## DRAFTEE IS PLACED FARTHER DOWN LIST

Warnie Craig Will Not Leave With Increment on Monday Because of Agricultural Claims

ROLAND MORRIS TAKES PLACE

The Rush county selective draft board has checked off the name of Warnie Craig who was scheduled to leave Monday, June 24, for Camp Sherman, O., with the increment of eighteen men. The decree was reversed because it was learned that Craig is operating a threshing machine.

The draftee will be placed farther down in the list and probably be called during the fall, after the harvest season is complete. His place in the increment will be taken by Roland Morris, of Orange neighborhood. Morris asked to be sent to Valparaiso where there is a call for men of grammar school education and some knowledge of mechanics, and was listed as such by the board, but when the Craig case was taken up, it was found necessary to use Morris to fill the vacancy.

Three men from this county must be sent to Valparaiso, July 1 and two must be sent to Richmond on the same date. Today was the last day for voluntary inductions under these two calls.

ed in many being swept away and drowned.

Resumption of the drive southward from the mountain region is expected momentarily.

Food Rioters Charged

Paris June, 21.—Fifty thousand demonstrators who marched through the streets of Vienna Thursday night shouting, "Peace, Bread" and pillaging shops were charged by the police with drawn swords, according to dispatches today. Many of the civilians were injured.

127 Marine Casualties

Washington, June 21.—The marine casualties announced today totaled 127 divided as follows: Killed in action, ten; died of wounds, 19; and severely wounded, 98.

## Two Gangs of Alleged "Bootleggers" Are Held

### ELMER JEFFRIES CHASED BY POLICE

One of Four Arrested After Running Into Pole With Machines Escapes From The Police

CHASED BY FIVE OFFICERS

Is Lost in Swamps Along River Southwest of City After Three Shots Are Fired at Him

The police and Deputy Sheriff Spivey were searching the bottom lands along Flatrock southwest of the city this afternoon for Elmer Jeffries, about 20 years old, who escaped this morning after he and three others were arrested when Jeffries ran into an electric light post with an automobile while trying to make a turn out of South Main street into West Second.

Jeffries got away from a posse after three shots had been fired at him by Chief of Police Yaakey, near his home at 1105 West Market street. The chief of police, Policemen Seward and Newhouse, Deputy Sheriff Spivey and Prosecutor Stevens gave chase, but Jeffries was lost in the swamps along the river after the officers had tracked him across the Shelbyville pike and into a wheat field south of the Pennsylvania railroad, which adjoins the river.

The officers then returned to Jeffries home and brought the automobile back to a garage. They searched the house and found a quart of whiskey. When the four were placed under arrest, Chief of Police Yaakey found a quart of whiskey secreted under the back seat of the machine.

The car struck the pole at the corner of Second and Main streets with such force that the bottom of the pole was splintered. Yaakey ordered the four men who were in the machine when the accident occurred—Jeffries, Chase and Willie Bennett and Dewey Smiley—to climb back in and told Policeman Seward to take them to jail.

People who were nearby when the arrests were made believed that Chief of Police Yaakey used poor judgment when he instructed Policemen Seward to take the four to jail unassisted, with one of the prisoners driving the machine. Instead of driving towards the jail as told, Jeffries started west in Second street. He had gone only a square when the three prisoners in the back seat climbed out and started back in Second street.

Policeman Seward had an unloaded revolver and was powerless to make Jeffries go to jail at the point of a gun. He had emptied his revolver last night when he went home which is his practice, and had hurriedly left this morning when called by the deputy sheriff to assist in the capture of the Indianapolis negroes, forgetting that his gun was not loaded.

Jeffries told the policeman he would go home first and leave his car and then would return to jail with him. When Seward failed to show up with the prisoner, the other officers went to Jeffries home in Deputy Sheriff Spivey's machine. When they reached there, Policeman Seward was standing by the machine in the rear of the house and Jeffries had started west in Market street.

When Jeffries saw the officers get out of the car, he started to run, turning south along Hodge's branch off of Market street. The posse started after him, telling him to stop. Paying no attention to the command of the police, Jeffries ran

### NEGROES CAUGHT WITH 120 QUARTS

Otis Coleman and John Montgomery of Indianapolis Arrested Southwest of Rushville

CARRY WHISKEY FROM OHIO

Message From Connersville Tells of Their Coming—Deputy Sheriff Chases Them in Machine

Otis Coleman and John Montgomery, colored men of Indianapolis, were caught a few miles southwest of the city this morning by Deputy Sheriff Will Spivey and Policeman Basil Seward after Sheriff Hendrickson had telephoned from Connersville that they were coming through here, in an automobile carrying more liquor than they were entitled to under the state prohibition law.

After Deputy Sheriff Spivey received the telephone message, he watched for them in Second street, and when he told them to stop, they paid no attention to the command and drove on at a high rate of speed. Deputy Sheriff Spivey telephoned Policeman Seward at his home, but before he got out they had passed. Then the two officials gave chase.

The negroes were carrying ten cases of whiskey, amounting to one hundred and twenty quarts, in the back seat of the big machine, and were evidently bent on going into the "bootlegging" business on an extensive scale.

The machine was seen going east through here yesterday. It was recognized this morning as the same car because it was said by many to be one which formerly belonged to Dr. D. H. Dean of this city. The car bore the license number, M-612, with a metal plate on in front and paper tag on behind.

Many thought that Montgomery and Coleman would plead guilty because the case against them was so clear. When they would be arraigned was not settled this afternoon.

The negroes stopped at Connersville for breakfast and left their machine at a garage. Workmen there got inquisitive about the "cargo" and examined it. When they discovered what was going on, they telephoned the sheriff. But Coleman and Montgomery left before the sheriff arrived and he telephoned Deputy Sheriff Spivey to catch them here.

Coleman and Montgomery asked for the privilege of calling Charles Burnstein of Indianapolis, former Rushville saloon keeper, as soon as they were arrested.

## WILL DEMAND RUSS POLICY

Congress About to Ask President For Statement Concerning Russia

(By United Press.)

Washington, June 21.—Congress is about to demand a new statement of policy from the administration in regard to Russia. Backed by a growing sentiment for a Siberian offensive to save Russia even against her will from German penetration, members favoring Japanese co-operation in Siberia will introduce a senate resolution aiming to force from the president some explanation of this government's stand. There is no general criticism of the government's present policy but there is a desire for information. Congress would be satisfied to get this information privately if publicity is unadvisable at this time.

Miss Irene Hooten of Knightstown visited friends here last night.

## INTENSIVE W. S. S. DRIVE TO BE IN FULL SWAY TOMORROW

### Orbison To Speak Here On Sunday

Former Judge of Indianapolis Will Deliver Thrift Stamp Address at Union Mass Meeting at First United Presbyterian Church at 8 p. m.

Judge Orbison of Indianapolis, former judge of an Indianapolis superior court, will deliver the address at the union patriotic meeting at the First United Presbyterian church Sunday evening at eight o'clock, in behalf of the War Savings Stamp campaign.

Judge Orbison who has been active in promoting various war relief drives in the state under the direction of the State Defense council, is one of the most eloquent speakers on the platform and his lecture Sunday evening promoting the campaign in Rush county, to be carried on with great intensity Monday and Tuesday, will doubtless result in a crowded house.

All of the Thrift forces in the county have been advised of the meeting and are expected to turn out in large numbers from every part of the county. Judge Orbison has been especially active in the promoting of the War stamp sales and as a result his lecture will contain most helpful suggestions concerning the development of the campaign here.

## ADDRESSES WOMEN WAR STAMP WORKERS

Mrs. Wilbur Christian Speaks This Afternoon in Hurried Trip Through District

HER SUCCESSES ELSEWHERE

Mrs. Wilbur Christian, head of the Franchise league work of Indianapolis and former president of the Y. W. C. A. work there, addressed the women workers of the Rush county War Savings stamp committee this afternoon at a meeting which was held in the sheriff's office of the court house.

There was a good attendance of the women workers who expressed enthusiastic interest in the campaign which is being launched, and led by the energy of Mrs. Christian, have completed an organization which is expected to play a maximum part in the success of the campaign.

Mrs. Christian, accompanied by her secretary, Miss Laura McGilvray, has been making a successful tour of this section of the state and last night at a meeting which was conducted in Richmond, stamp sales to the amount of \$123,000 were pledged. A similar meeting was conducted this morning in Union county as a part of the flying trip of Mrs. Christian, in gathering up the reins among the women's committees in the sixth district.

## PAROLED CONVICT KILLED

Shot by Guard at State Reformatory Today When he Ran

(By United Press.)

Jeffersonville, Ind., June 21.—Ivan North of Butler, Indiana, paroled from the state reformatory last Monday, was shot and killed by John Gibson, a guard today. The guard heard someone in the garage and demanded that the intruder halt. When the man started to run, Gibson shot and killed him.

Distribution of Supplies Among Men and Women Canvassers Today Marks Campaign Opening

NEW SPECIAL COMMITTEES

To Look After Large Subscriptions But Not to Interfere With Regular Committees

FAYETTE CHAIRMAN SPEAKS

Says \$150,000 in \$1,000 Pledges is Necessary to Put Over the Year's Quota

That perfect co-operation between the solicitors and the War Savings Stamp purchasers is necessary to make Rush county's drive a success was voiced at the meeting of the prominent men of the city which was held in the sheriff's office in the court house last night.

The meeting was addressed by Minor Leflingwell of Connersville, Fayette county chairman of the stamp drive who put Fayette county over the top with a \$70,000 surplus subscription, in an amazingly short time. As the result of the feat which he accomplished, Mr. Leflingwell, is in demand throughout the country where from every city comes a call, asking him to tell their people how he made the drive a success. As the result of his efficiency in the work, he has received a call from Washington, offering him a responsible position.

"Get out and dig," was the keynote of the address delivered by Mr. Leflingwell, who declared that Fayette county could never have reached such a glorious climax had it not been for the untiring work of the canvassers and the ready co-operation of the people. The methods of subscription in Fayette county were described by the speaker, who declared that Rush county would find it necessary to take \$150,000 in \$1,000 pledges—four to every road district and fifty pledges in the city of Rushville—if the drive was to be put over successfully.

During the business session which followed the address, it was decided that working in co-operation with the old Liberty Loan committees who are to solicit in the city and throughout the county, special committees should be appointed to take care of special interests where subscriptions of especially large size might be obtained. The nominating committee was composed of S. L. Trabue, Ralph Payne, Wilbur Stiers, G. P. Hunt and J. H. Scholl, who selected the following committees:

Factory committee—Harry Francis, R. L. Tompkins, C. W. Talge and Roy Waggener.

Business men's committee—E. R. Casady, E. J. Knecht and L. L. Allen.

Professional committee—Dr. F. H. Green, Dr. R. F. McClannahan and S. L. Trabue.

Lodge committee—Frank McIlwaine, John Worthington, J. H. Scholl, George Osborne, J. P. Stech and Guy Mulbarger.

Official committee—C. A. Frazee and Chase Mauzy.

Bank committee—Wilbur Stiers, Theodore Heeb, L. M. Sexton and Earl H. Payne.

Mrs. A. L. Stewart who has been placed at the head of the woman's work in the county, has established her headquarters in the sheriff's office of the court house and from there is directing the work of the woman canvassers in every part of the county. Because of the busy season on the farms, the women in the out townships are expected to perform duties of much greater capacity now than at any former campaign and with their effective organization they are expected to accomplish more than ever before.

### A Seven-Passenger Six That You Can Afford

WE ARE NOT THINKING of the price—for that isn't the primary consideration in the selection of a car.

WHEN WE SAY, "Here is a seven-passenger Six that you can afford," we are thinking of the same item that you, an experienced motorist, are considering—

NAMELY—UPKEEP. That is the first thing to consider in the selection of an automobile.

ASK ANY REO SIX OWNER to tell you of the upkeep cost of his Six—and the longer he has owned and the farther he has driven his Reo, the better will his answer sound.

HE WILL TELL YOU that, having compared notes with friends who own and drive other makes of cars—fours as well as sixes—of the same passenger capacity, he has never found one that compared with his Reo Six in low cost of upkeep.

AND HE'LL TELL YOU, too, that he has yet to find even a five-passenger car—four or six—the operation, repairs, replacements and general upkeep cost of which proved as low as his Reo Six—except one—the five-passenger Reo.

NATURALLY a five-passenger car ought to be cheaper to maintain than one of seven passenger capacity—but most are not, when you look up the figures.

REO DEALERS TELL US that their records for the past three years show that Reo Six owners on the average have paid less than eight dollars per car per year for replacement parts.

JUST READ THAT AGAIN—with thousands of Reo Sixes running in all parts of the country, over all kinds of roads and handled by all kinds of skilled and unskilled drivers; most of them owner driven and owner cared for (or neglected)—

THE AVERAGE COST per car, per year, for replacement parts was less than eight dollars!

FRANKLY WE DON'T believe that record can be equalled by any other seven-passenger car on earth.

AND WE MAY ADD that the records on the five-passenger Reo show less than seven dollars per car.

THE SAME QUALITY—the same sound engineering; the same ripe experience; the same attention to little details, and the same construction, inspection and testing of every car enter into the making of all Reo models.

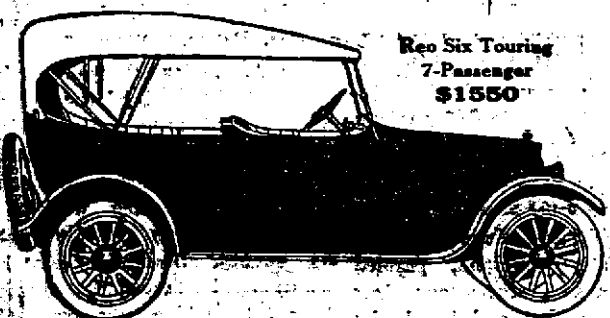

COST OF UPKEEP is always uppermost in the minds of Reo engineers, when designing and when specifying materials—and since the same desire is uppermost in the minds of the most experienced buyers—we meet on a common ground.

REO EFFICIENCY sets the price lower—Reo quality guarantees low upkeep.

### ELMER JEFFRIES IS CHASED BY THE POLICE

Continued From Page 1

faster, and when the chief of police turned off Market street and the fugitive was in full view, he shot three times in quick succession, but apparently neither shot took effect. Jeffries took a southwesterly course across the fields to the Shelbyville pike, with the officers close behind, and was lost in the swamps.

A woman who saw the chase said that when Jeffries passed her house, he stumbled and fell, and was holding his hand on his hip, as if he had been shot. But Jeffries showed no effects of being shot as he continued to run until out of sight.

The possession of one quart of whiskey was not a law violation, but the police intended to put the four in jail, expecting that some evidence would be uncovered which would show they had been "bootlegging." The police are convinced that Jeffries at least was engaged in the illegal traffic for two reasons.

There was no occasion for him to run and try to evade arrest because there was no particular charge against him. It is the belief of the officials that he thought they had evidence against him for selling whiskey.

After the arrest, Chief of Police Yakey discovered that Jeffries bought the machine which he was driving, at a local automobile agency three days ago, paying \$50 cash and giving eight chattel mortgage notes for \$25 each, to be paid at the rate of one a month, to secure the balance due on the machine.

## FARMERS PROTECTED IN WHEAT ADVANCE

Advanced Price in Freight Will Mean Advanced Price in Wheat According to Administrator

### ADVANCE EFFECTIVE JUNE 24

Rush county farmers need not worry about a lower price for their wheat when on June 24 freight rates are to be advanced according to an announcement made by the United States Food administration. Provision will be made to protect the farmers according to advice received by food administrators.

The notice which state administrator Barnard has received from national administrator Hoover says: "The advance in freight rates on the twenty-fourth of June will, in justice to the farmers, necessitate an advance in the price of wheat at the principal Mississippi valley and eastern terminals, a few cents a bushel. The advance will be worked out so as to equalize, as far as may be possible, the loss that the farmer would otherwise incur through the increases in rates. Details of rate advances will probably not be known until June 25, at which date we are assembling a committee of traffic experts to consider what actual advance in price is necessary in compensation. It is our intention

## CHARGES PRICES HERE EXCESSIVE

M. E. Foley, Chairman State Council of Defense, Says Threshing Rates Are Above Average

### REQUESTS THEY BE REDUCED

No Disagreement Here Among Farmers and Threshermen—Generally Regarded as Fair

Charging that the prices being paid to Rush county threshermen are exorbitant and must be lowered to conform with the prices in other Indiana counties, Michael E. Foley, state chairman of the defense council, in a letter to T. M. Green, Rush county defense chairman, stated that the present is no time to increase these prices.

Although there has been no definite agreement as to a straight price in every part of the county, it is generally agreed between threshermen and farmers in Rush county that five cents will be charged for oats, eight cents for wheat and ten cents for rye. There has been no difficulty between the parties concerned here and until the protests from the office of the defense council, the matter of the threshing prices was not considered to a great extent.

In fact, on some farms where five year contracts were being kept, farmers voluntarily raised the prices for which they had contracted several years ago, agreeing to pay threshermen higher prices for their work this year, without the employees asking for the advance.

"The rates in your county are clearly very excessive," stated Mr. Foley. "Your oats price is practically 100 per cent higher than it is in many other counties in Indiana and the wheat and rye prices are also excessive. This is not time to increase prices and if I am unable to get results through your local organization I intend to take other means of letting the people know the figures which are existing in other counties of the same type."

Four, six and eight cents, three, four, five and six cents are popular prices existing in counties similar to Rush, while in Decatur and Shelby counties the prices are as high as those in Rush.

tion so far as the peculiar character of the rate advance enables us to do so, to work out a plan that will leave the farmer in the same intrinsic position that he was in before that date."

## 12,000 DRAFTEES EXPECTED

Ranks Depleted by Movement to Ohio Camp

Camp Zachary Taylor, Ky., June 21.—This camp was today ready for the influx of drafted men next week. About 12,000 are expected during the five day period starting Monday. This will again bring the camp up to capacity of 44,000 men.

The recent movement of troops to Camp Sherman, Chillicothe, Ohio, seriously depleted the ranks here.

## Don't Let Worms

## Kill Your Hogs

The fact that your hogs or sheep are in pasture and apparently free of worms today is no proof that they will not be loaded with worms a week from now, therefore WORMS ARE PESTS which must be fought continuously and feeding ACME WORM BOUNCER from birth to maturity to your pigs and your lambs, prevents indigestion, prevents fermentation of the food. PREVENTS WORMS from breeding, prevents constipation, keeps your animals on a full and even appetite, and ALWAYS THRIVING and PREVENTS 90% of DISEASE. Saves feed—STOPS LOSSES.

FREE intestinal and stomach worms are those that do not attach themselves to the intestine or stomach. Worms which attach themselves to the stomach or intestines are properly called "blood suckers" and nothing will expel the "blood sucking worm" after they are formed.

The Thorn Headed Worm is a "blood sucker" and nothing will expel them after they are formed. They have a mass of thorns or hooks about the head and not only attach themselves to the intestines but bury the head into and clear through the intestines. The THORN HEADED WORM can be positively prevented by feeding ACME WORM BOUNCER from birth to maturity.

The Wisconsin Agricultural College, Veterinary Department, in Poster Bulletin No. 3, July 1914, says: "Serum will not give good results if worms, indigestion and other diseases are present." This tells you that when your hogs are vaccinated, that you need ACME WORM BOUNCER just the same, in fact more, for you have spent on your hogs 50 to 75 cents per head more than the man who has not vaccinated.

### Watch Your Kidneys

Inhalation of the fumes of turpentine and white lead often weakens the kidneys. That's one reason why so many painters have had backs and sick kidneys. Exposure and frequent colds and chills help start the trouble.

If your back aches, if sharp pains strike you in the back when stooping, lifting or working; if you have headaches, dizziness, rheumatic pains; if the urine is discolored or passages painful and scanty, try Doan's Kidney Pills, the remedy so widely used and so well recommended by men in the painting trade. Here's Rushville testimony:

Charley Walker, 1023 N. Arthur St., Rushville, says: "I work where a lot of turpentine is used and the fumes got my kidneys out of order. My back gave me the most trouble and was aching and lame and stiff. The kidney secretions were too frequent in passage and highly colored. I decided to try Doan's Kidney Pills and got a box at Lytle's Drug Store. They surely helped me and gave me quick relief. I have a lot of faith in Dan's Kidney Pills and shall use them again if I need a kidney medicine."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walker had. Foster-Milburn Co., Mfrs., N. Y.—(Adv.)

### Personal Points

### SHOWS BIG LAND SALES IN COUNTY

Real Estate Business Heavy First Half of June, Total Considerations Amounting to \$41,406

LARGEST SALE IS \$16,000

Sum Paid For 80 Acre Farm in Washington Township—Old Serum Co. Site Sold For \$14,250

Total considerations in real estate transfers for the first half of June amounted to \$41,406. Although not many deals were made, there were a few big farm sales, notable among the number being the sale of an eighty-acre farm in Washington township for \$16,000. The site of the proposed serum company just south of the city, consisting of seventy acres, sold for \$14,250. The transfers follow:

Floyd Woods, Adm'r. estate of Edward Woods, to Frank L. and Hazel Catt, 10.81 acres in Posey Twp., \$3,000.

John M. Wall, receiver National Serum Co., to John D. and Joseph M. Moran, 70 acres in Rushville Twp., \$14,250.

James P. Archey to Elizabeth Archey, real estate in Milroy, near Russell's Addition, \$1 and love and affection.

Benjamin F. and Joie D. Miller, to Rexie Vance, West half of lot 50 in L. Sexton's heirs second addition to Rushville, \$1,311.

James O. and Millie V. Draper to Alphonzo and Frances Draper 44 acres in Ripley twp., \$5,000.

John W. Watkins, Adm'r estate of Cassie Ann Jefferson, to George G. Early, acres 135 sq. rds., in Ripley twp., \$250.

Raymond Selby et al., Trustees, to Mrs. R. L. Land lot 1 in the new addition of the Presbyterian Burial Ground of Milroy, \$20.

Larue A. and Dillie M. Mull, to Isom Stevens, 80 acres in Washington Twp., \$16,000.

East Hill Cemetery Co., to J. Ar-

## SAVE FUEL AND HELP WIN THE WAR

50,000 CALORIC USERS ARE CONSERVING 1/3 TO 1/2 OF THEIR COAL

"Since installing a Caloric Pipeless Furnace, I am heating my entire house of seven rooms on less than it formerly took to heat one room with a double heater."

H. H. COOPER.

Hundreds of other letters, equally as strong, from delighted patrons from Maine to California prove that no heating device can be more economical than the

### CALORIC PIPELESS FURNACE

The Original Patented Pipeless Furnace

When every effort is being put forth to economize coal, and with fuel so difficult to obtain, the Caloric becomes a national asset.

The cause of its superiority lies in the patented and exclusive features that distinguish the Caloric from all others, and enable us to sell it on an absolute guarantee of satisfaction and service.

We will show these principles to you, and you will then see why the Caloric leads. Get our book "Progress," it tells the story of successful pipeless heating.

"I cannot praise my Caloric Pipeless Furnace enough. I have 3 rooms and 4 kitchen and store room down stairs, five rooms and bath up stairs; the furnace heats it to perfection with less fuel than 3 stoves which kept only part of the house heated."

A. B. BRUBAKER.

## The Fordson Tractor

The Fordson tractor, manufactured by Henry Ford & Son at Dearborn, Michigan, is here.

Hundreds of farm owners in this community will be interested in this announcement—in knowing that Fordson tractors are ready for distribution.

The urgent need for greater production and the vital necessity of employing man-saving machinery in farm work is apparent to everyone. Remembering these immense tasks ahead, the coming of the Fordson is of importance to every farm owner at this time.

## The Oliver No. 7—the Plow for the Fordson

"We appreciate the co-operation the Oliver Chilled Plow Works have given us in designing the proper plow for the Fordson Tractor."

"We know that with the Oliver No. 7 plow the Fordson will work to the very best advantage."

[Signed] Henry Ford & Son

Oliver No. 7 has been built for the Fordson.

Oliver No. 7 is strictly a one-man machine. A trip lever right at the operator's hand raises or lowers the bottoms. An even depth adjustment lever is right at hand, too.

You will appreciate the high clearance of plows and beams because they save time and annoyance—just as the rake between bottoms prevents clogging with trash and makes every second of operating time count in plowed ground.

The Oliver No. 7 embodies principles of plow construction founded on sixty years of making plows, of intensive study of every existing soil condition—and constant attention to the plow requirements of the tractor since the tractor industry began.

Come in and see this complete outfit—the Fordson and the Oliver No. 7 Plow.

Margins Wiped Out

The United States has always heretofore been a land of plenty—in fact a land of surpluses. Up to two or three years ago we have always had a fair balance to run on at the end of each year, and had no need to practice real economy. There was plenty of every commodity and a reasonable plenty of money with which to buy it.

Now the only commodity of which the United States has plenty is money. Of the things which money will buy she finds herself alarmingly short. Wheat, meat, wool, coal—the four great requisites of life, she is called on to conserve and to use as sparingly as possible. The serious phase of the matter is that in all these lines the erstwhile margins of plenty have been completely wiped out and in their place is a positive deficit.

It was estimated during the fuel saving period that the country was actually short fifty million tons of coal; that we lacked that much of having enough fuel to carry on normal activities. Practically the same condition prevails in the other lines.

What is the answer?

CONSERVATION.

Waste Must be absolutely eliminated.

Production must be speeded up by every means in our power.

And wherever a substitute for either of these four articles can be by any means be made to serve the purpose, it is the patriotic duty of every true American man and woman to make use of that substitute.

The time for discussing the war has passed. The problems growing out of the war are pressing for attention, and should be met as live Americans have always met the stern problems of life—with a smiling courage and a firm determination to solve them and solve them correctly.

The war must be won, so let every American say from the bottom of his heart, "We can and we will."

A weekly magazine strikes a most vulnerable spot in our national economy when it takes the astounding declaration that this country loses over eight hundred millions of dollars yearly through the illiteracy of its people. At first glance this would seem to be an exaggerated estimate, but when one comes to carefully consider the limitations of an illiterate the statement does not seem so overdrawn. The illiterate man or woman is at a discount in every avenue of industry. He or she is incapable of filling any but the most menial of positions, and even the work of these lines is not nearly so well executed, as a general thing, by illiterates as by those of moderate learning. Probably the most disastrous effect of illiteracy is found on the farms of the country. An illiterate farmer, as a general proposition, is a back-number. Progress is foreign to his nature. Unable to read and keep pace with world thought and world improvement, he clings to antiquated methods in his work, with the result that frequent-

ly a great per cent of his effort is wasted. Of course this is not always the case; but too often it is. The magazine's estimate of eight hundred millions, rightly applied would go a long way toward ridding the country of this source of shame and mortification.

After the War Policy

The appointment of a special congressional committee of twenty—ten from the senate and ten from the house—has been proposed by Representative George W. Edmunds (republican), of Pennsylvania, to investigate problems of reconstruction after the war. Primarily the object of the bill is to safeguard the commercial interests of the United States. An appropriation of \$500,000 is carried in the bill.

"The commission shall investigate in this and other countries," the bill provides, "conditions which have arisen during the present war, and seek to ascertain the conditions which are likely to arise at the termination of the war, and shall from time to time report to congress its findings and make such recommendations as it may deem proper, including the drafting of bills for such legislation as it finds to be necessary to meet such conditions."

Rule in the Air

It is encouraging to note that the allies now rule the air along the whole front. It is one sorry chapter in the history of America's preparations for the war, that she did not live up to expectations on her aeroplane production program, but part of this is made up for by the fact that Yankee airmen are doing their share in downing the Hun in the air although they are driving French machines.

It is announced that the Huns still have one superior type of bombing machine but that its service is generally deteriorating. German losses in the aviation branch have been very heavy since the Somme offensive began and many of the best boche aviators have been killed. The air raids on Paris are costing the Germans far in excess of the small military results obtained.

Plant seeds in your war garden, plant dollars in War Savings stamp. You will have to take care of the garden, but Uncle Sam will take care of the bonds for you.

The Hindenburg line is changing with disconcerting rapidity, but the broad lines in Germany keep their place from day to day.

BE IN SWAY BY TOMORROW  
INTENSIVE W. S. S. DRIVE TO

Continued From Page 1

compleish the work successfully.

The distribution of supplies among both men and women canvassers was made today in every part of the county the work was to begin in full sway tomorrow. With a \$2,000,000 wheat crop about to materialize, the officials of the drive believe that enough \$1,000 subscriptions should be obtained from the moneyed class of people to put the drive over with ease.

Every minister in the county has been asked to preach a Thrift stamp sermon on Sunday morning and the response which has been received from every church indicates that they will do their bit at the opening service on Sunday morning.

That a short intensive campaign will be carried on here is evident from the message received from A. B. Ayres, district chairman, who stated that the final reports on the campaign results must be made Tuesday night, indicating that Rush county's most intensive work would be concluded Monday and Tuesday.

Nervous, Run Down Woman

Tells How Vinol Creates Strength

Duked, Tenn.—"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger, in every way.—Mrs. J. H. Goodwin.

The reason Vinol was so successful in Mrs. Goodwin's case is because it contains beef and cod liver oil, iron, and manganese, phosphates, and glycerophosphates, the very elements needed to build up a weak run down system and create strength. T. B. Johnson and Co., and Druggists Everywhere. (Adv.)

LIVE MERCHANTS USE THESE COLUMNS

During the period of the war, you will not call on American Roller Flour Mills for the purpose of supplying the local market with flour and feed.

**DO YOUR BIT.** Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Marvel Roller Flour Mills.

### And Make Money, Too

\$150 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a big profit. **Invest \$1,500 to \$2,000. You can sack your flour under our nationally advertised brand "Flava."**

Our Service Department sends you a product each month free and keeps you up to date on the quality of the flour. From 15 to 100 barrels per day. You can start with the small mill or you have \$1,500 to invest. Held on 30 days free trial.

Seven a day for seven days and you can see the difference in all over the United States. **Anglo-American Mill Co., Trust Bldg., Owensboro, Ky. (219)**

## TELLS HOW TO GET BACK OLD TIME AMBITION

Discoverer instructs druggists everywhere not to take a cent of anyone's money unless Bio-feren doubles energy, vigor and nerve force in two weeks.

### 7 A DAY FOR 7 DAYS

Any man or woman who finds that they are going backward, are not as strong as they used to be, have lost confidence in their ability to accomplish things, are nervous and run down should take two Bio-feren tablets after each meal and one at bedtime.

Seven a day for seven days.

Then take one after each meal until the supply is exhausted.

Then if your nervousness is not gone, if you do not feel twice as strong and energetic as before, if your sluggish disposition has not been changed to a vigorous active one, take back the empty package and your money will be returned without comment.

No matter what excesses, worry, overwork—too much tobacco or alcohol—have weakened your body and wrecked your nerves, any druggist anywhere is authorized to refund your money on request if Bio-feren, the mighty upbuilder of blood, muscle and brain does not do just what is claimed for it.

**Note to Physicians:** There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powd. Gentian; Phenolphthalein; Oleoresin Capsicum; Kola.

**Keeps Teeth Clean and Gums Healthy**  
**Specially indicated for treatment of Soft, Spongy and Bleeding Gums.**

All Druggists and Toilet Counters.

## HUNT FOR ALLEGED SPY IS FRUITLESS

Main Answering Description of One Sought by L. E. & W. Superintendent at Mays and Sexton

### BOARDS TRAIN FOR RUSHVILLE

Authorities Unable to Get Any Trace of Him Here—Sold Spectacles And Talked Brokenly

The little town of Mays in the northern part of the county was seething with excitement yesterday evening when a telegram was received asking the authorities to watch for an alien spy, shortly after a suspicious character selling spectacles had visited the town.

"Look for man forty-five years old," read the telegram received from A. J. Smith, superintendent of the L. E. & W. "Weight 210 pounds, six feet high, mustache and short curly hair mixed with gray. Wears light derby, has on light gray suit over blue serge suit. Carried old grip about eighteen inches long. Talk broken and is a dangerous alien spy."

The man answering the description visited Mays between three and four o'clock in the afternoon and after inquiring concerning numerous prominent citizens of the vicinity, visited a few homes in an attempt to sell spectacles. While in Mays the man wore a blue serge suit and residents of Sexton stated that the man answering the description visited the town attired in a gray suit.

A woman accompanied him through Mays and Sexton and into Falmouth where the man left the automobile in which they were traveling and boarded the train for this city. Authorities in this city were notified of the presence of a suspicious character as soon as the wire was received in Mays, but no trace of a man answering that description was remembered as having been seen here by any of the authorities.

The fact that the man talked with a slight foreign accent has led the people who saw and talked with him to believe that he might be a spy, more than the fact that he answered the description as to clothing. Because the man answering the same description appeared in both Sexton and Mays but once attired in a blue suit and again in a gray suit, is another reason for the people to believe that the man might have been one whose arrest is desired by the federal authorities.

### With The Churches

—The Bible school of the Main Street Christian church will meet at 9:15. At 10:30 the pastor will speak on "Christ and the Crumbs." At the evening hour this congregation will join in the union services at the United Presbyterian church. The Thursday evening service will be led by Mrs. Dan Matlock. As there is only the mornings service the presence of the membership is urged at the union services in the evening.

—The First United Presbyterian church, with the pastor, Rev. J. T. Aiken in charge of the services. Combined service at ten o'clock with Sabbath school followed immediately by preaching service. Sermon theme, "The Dream of Pilate's Wife." At seven o'clock the Young People will meet, and at eight o'clock there will be a union service in the interest of the War Savings Stamp drive, at this church.

—First Baptist church, Sunday services. Sunday school at 9:30. Preaching service at 10:45, sermon subject: "How to Grow." The evening service will be in connection with the union service to be held in the United Presbyterian church in the interest of the War Savings Stamp drive, at eight o'clock.

—The services at St. Mary's Catholic church will be conducted by the pastor, the Rev. M. W. Lyons. Morning services at eight, and ten o'clock with vespers and benediction at three o'clock in the afternoon.

—Pleasant Ridge Methodist Bible school, 2:00 p. m., preaching

## Amusements

### Fairbanks at Princess

Douglas Fairbanks in his latest success "Mr. Fix-It," will appear at the Princess theatre this evening in a role which only his inimitable personality is able to portray when he fixes everything from a broken chair to a human heart. Tomorrow Earl Williams will be shown in a fascinating story of romance and humor entitled, "An American Live-Wire." In addition Charles Murray will take the leading role in a rapid-fire comedy, "Watch Your Neighbor." Julian Eltinge will star in the picture Monday, entitled, "The Clever Mrs. Carfax."

by the pastor following the session of Bible school; Epworth League every Tuesday 8:00 p. m. Everybody welcome.

—Manilla Methodist: Bible school 9:30 a. m., preaching by the pastor, 10:30 a. m. and 8:00 p. m.; Young peoples meeting, 7:30 p. m. Everybody cordially invited.

—The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

### SOLDIERS VS MAXWELLS

A team of star baseball players from Camp Taylor, Ky. will play the Maxwell baseball team of Newcastle at the Maxwell park Sunday afternoon for the benefit of the soldiers mess fund and Rushville fans are planning to go. There will be a concert by the Maxwell band at two o'clock and the game will be called at three. Company M, I. S. M., of Newcastle, will give an exhibition drill.

# ICE CREAM FESTIVAL

Under Auspices of the LIBERTY GUARDS, Christian Church, Manilla, Indiana  
SATURDAY EVENING, JUNE 22

Miss Mary Ellen Miller and Miss Freda Warfield entertained Wednesday night at the home of Miss Warfield in North Sexton street with a pretty party, the feature of which was a pitch-in supper. A patriotic note was carried out by the use of red white and blue crepe paper and American flags in the decorations of the living rooms of the home, and the two tables in the dining room were artistically adorned with bouquets of daisies and larkspur, intermingled with flags. The bounteous supper was spread in the dining room at six o'clock, after which the guests were entertained with games

and music. Covers were laid for the following: the Misses Myrtle Jackson, Anna Wiley, Ethel Gallimore, Susan Pope, Edith Osborne, Margaret Gardner, Lottie Warfield, Elva Miller, Leona Rankin, Mae Rainey, Marie Flodder, Nora Jackson, Mary Ellen Miller and Freda Warfield and Russel Vansickle, George Glisin, Roy Gallimore, Howard Walker, Russel Moore, Ralph Moore, Ralph Roller, Harold Johnson, Herschel Bates, Herman Osborne and George Woods.

Honoring the sixty-fifth birthday of George C. Wyatt, a dinner party was given last night at the Wyatt home in North Main street. Dinner was served on the lawn and covers were laid for the Rev. and Mrs. L. E. Brown, Mr. and Mrs. Warder Wyatt and family, Mr. and Mrs. Harry Wyatt and son, Mr. and Mrs. Earl Moore and family, Mrs. Lydia Moore of this city, Mr. and Mrs. Horace Elstun of Indianapolis and Mr. and Mrs. C. M. Yocum and son Cyrus of Kansas City.

The annual recital in which the piano pupils of Miss Jessie Kitchen will participate will be held in the First Presbyterian church, next week. The recital will be divided into two sections, arranged according to the degree of advancement of the students. The first program, consisting of the beginning classes, will be given Tuesday afternoon at four o'clock, when Miss Kitchen will be assisted by Mrs. Neff Ashworth, contralto soloist. The second and last part of the series, will take place Wednesday night at 8 o'clock, and will be composed of the more advanced pupils in the classes. Miss Catherine Guffin, an accomplished soprano soloist, of this city, will assist in the latter program. Miss Kitchen has extended an invitation to the general public.

A pretty party was given yesterday by Mrs. A. L. Aldridge at her home in North Perkins street, honoring her niece, Miss Mildred Peck, of Pueblo, Col., who has been visiting here for the past few weeks, with her mother and sister. Miss Alice Peck entertained the guests with vocal selections and at the close of the afternoon, dainty refreshments were served by the hostess. Among the guests were the Misses Frances Bowen, Florence Flechart, Mary Louise Wyatt, Elizabeth Pearson, Phyllis Casady, Marguerite Kelly, Josephine Scholl, Lillian Priest and Janet Dean.

Miss Marjorie Clark was hostess to a number of girl friends yesterday, when she entertained with a pitch-in dinner at noon, at her home in North Sexton street. The table was prettily decorated with mixed flowers when the dinner was served in the dining room. Covers were laid for the Misses Leatha Higgins, Helen Thomas, Jean Sparks, Phyllis Casady, Lavienna Compton, Janet Dean, Elizabeth Pearson, Mary Louise Wyatt, Josephine Scholl, Marguerite Kelly and Mary Cox of Chicago.

The members of the Yomo club and one guest, Mrs. Earl Benning, of Cincinnati, were delightfully entertained by Mrs. Claude Smith at her home in West Fourth street, yesterday afternoon. The guests spent the pleasant afternoon over sewing of different kinds.

Mrs. Frank Catt entertained the members of the Thursday afternoon Bridge club yesterday afternoon at her home in North Perkins street. Guests for two tables enjoyed a pleasant afternoon over cards.

Mrs. Carl Gunning was hostess to the members of the Thursday Bridge club yesterday afternoon, at her home in West Tenth street. Guests for two tables of cards were entertained.

There will be a call meeting of Martha Poe chapter of Eastern Star tonight and a full attendance is desired as there will be work.

## LABOR SHORTAGE REMEDIED

Hoosier Farmers Will Be Able to Secure Help

Indianapolis Ind., June 21.—The farm labor shortage in the state which was threatening for a time has been remedied by the action of cities organizing city workers and pledged aid to farmers sending out reports reaching here today.

Many of the larger cities have pledged aid to farmers sending out business men, clerks and others who have a little time each week to spare. Hundreds of city dwellers have given up their vacations in order to aid farmers.

## RUSSEL DISCIPLES SENT UP

New York, June 21.—Seven disciples of Pastor Russel, found guilty of violation of the espionage act, were sentenced to 20 years imprisonment each in the United States court today.

Lest you forget put coal in the bin—if you know where to find the coal.

## Days Pickings

A marriage license has been issued to Miss Mary McClurg, daughter of Mr. and Mrs. Samuel McClurg of Carthage, and Samuel F. Royse of this county.

A. L. Stewart was one of the witnesses in the trial of George Swafford, of Liberty with killing S. C. Shepler, his neighbor, on April 3. The trouble which resulted in the tragedy arose over the boundary line between the farms of the men which adjoined and A. L. Stewart was appointed by the sheriff, Elmer E. Post, to take a survey of the premises.

## Red Cross Notes

The surgical dressing room at the Red Cross headquarters will be reopened Monday afternoon and classes will be held regularly Monday, Tuesday, Wednesday and Friday afternoons and Wednesday evening.

## PERSHING REPORTS 38

Washington, June 21.—General Pershing today reported thirty-eight casualties divided as follows: Killed in action, 6; died of wounds, 1; died of disease, 3; wounded, 28.

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

**OUR RATES**

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.
